

# Calling All Water Innovators

## IDWS 2025

### Innovation Driven Water Sustainability Conference

#### Call for Outline Paper:

You are asked to submit an outline paper on one or more of the conference themes, whether you intend to give an oral or poster presentation. The maximum length of your outline paper is to be 2 pages (A4) of text, figures, tables, and references.

All submissions must include:

- A title that clearly expresses the subject of the paper.
- All authors' names and affiliations.
- Contact information (name, designation, email address, postal address, and phone number) of corresponding author.
- Type of presentation (oral or poster presentation).
- Theme of your presentation.
- Short abstract summarising, which should not exceed more than 10 lines.
- No more than two A4 pages of an outline paper that must contain adequate information to allow a sound review: an introduction, concise details of methods and results, and conclusions.

To be accepted for IDWS 2025 conference, submissions must report work that is novel, correct, well described, and be of interest to conference participants. Submissions must contain original data and meet international ethical standards. Selection criteria include high technical quality, relevance to the conference themes, and significant informative content.

## **Template & Specifications:**

The title of your paper should look

**Author Name\*, Author Name\*\*, initials then surnames, separated by commas**

\* First author's address (postal and email)

\*\* second author's address (postal and email)

### **Abstract:**

Give no more than 200 words briefly specifying the aims of the work, the main results obtained, and the conclusions drawn.

### **Keywords:**

Keyword1; keyword2; keyword3 (maximum number of keywords is 6)

### **Introduction:**

Please use 12pt Times New Roman bold for all headings

Your Introduction section should clearly set out the background and the objectives of your work. Do not number or letter section headings.

### **Material and Methods:**

Please include a brief description of the methods/techniques used (the principles of these methods should not be described if readers can be directed to easily accessible references or standard texts).

### **Results and Discussion:**

This section should summarise clearly the experimental results obtained or the major outcomes of the performed study. Any trends or points of interest should be highlighted, and their significance explained.

All major results presented in the paper should be supported and/or proved by graphical presentations or tabular results.

### **Conclusions:**

This should give a brief explanation of the significance and implications of the work reported and highlight any "take-home message" you wish to communicate.

**References:**

These should be to accessible sources. Please ensure that all work cited in the text is included in the reference list and that the dates and authors in the text match those in the reference list. Note that your paper may risk being rejected for publication if there are too few (10) references.

For citation in the main text use surname of author and year of publication: Jones (2002) or (Jones, 2002). The abbreviation "et al." should be used in the text when there are more than two co-authors of a cited paper.

References should be listed alphabetically at the end of the paper.

**Figures and Tables:**

If you wish to present your results in a tabular form or by using graphical presentations, please use the following formats for tables and figures.

Figures and tables should appear in numerical order, be described in the body of the text and be positioned close to where they are first cited. Make sure all figures and tables will fit inside the text area.

Please ensure that all figures are clearly labelled and easily readable in black-and-white printing.
